

**Mackillop's Choice 14
year old 1989 vintage
(distilled at Macallan)**

58.2%

This expression is atypical for a Macallan whisky-the standard Macallan line is aged in sherry casks, while this one is aged in a bourbon cask. Absent the sherry, this isn't as sweet or rich. Rather, it's more delicate and gentle. The whisky is very clean and creamy, with lovely floral notes (lavender, heather, rose), intertwined with spices (especially vanilla), and fruit (baked apple, pineapple, coconut). Delicate, pleasing finish.

One of the better non-sherried whiskies distilled at Macallan.
