

### Scottish Leader Blended Malt

40%

Another classic label introduces its blended malt alter ego: this is much fruitier than Scottish Leader on first impression, with apple, pear, lime zest, apricot tart, sherry notes, and a trace of spice. Apple pie filling with clove and ginger spices, plus vanilla, dark toffee, hard candies, citrus, and nougat peak early, then ride the crest of a wave until a gingersnap and spice finish. (*Travel Retail*) £30
