

Eau Claire Ploughman's

Rye

43%

From rye grown in a single Alberta field, cultivated and harvested using horse-drawn farm machinery, this whisky was aged in new American oak, then finished in the distillery's single malt barrels. The nose is dry, clean, and herbal: slatey, with hints of cereal.

Quite sweet on the palate, with peaches, berries, kiwi, and exotic fruits. Warming and spicy, smoky but not hot, with hints of pancake syrup. Finishes long, silky, and slippery. \$73 CAD

—Vol. 28, #3
