

Octomore 10.4

63.5%

The youngest Octomore released to date, 10.4 was distilled from Scottish barley peated to 88 ppm, then aged for 3 years in 28 highly toasted virgin Limousin French oak casks. The nose offers vanilla, new leather, cloves, sawdust, and white pepper. Intense fruitiness on the palate, with malt, a medicinal note, and more cloves. The finish yields dried fruits, bitter oak, and hot spices. (12,000 bottles)

—Vol. 28, #4
