A burst of orange on the nose: orange blossom, orange peel, orange pekoe tea, candied orange slices. It also has sweet licorice, sage, honey, and blueberry. Light-bodied in the mouth with a bit of astringency; the flavors run to berry, orange, spearmint, and cinnamon, with gentle spice. On the finish, more fruit and cinnamon prevail, along with nuttiness and an undercurrent of herbal pine.

—Vol. 29, #1
