

**FEW Cold Cut Bourbon  
with Cold Brew Coffee**

**46.5%**

Not a whiskey: FEW Spirits cut its bourbon with cold-brew coffee instead of water, but the effect is subtle and surprising. There's sweet green tea, spearmint gum, marzipan, coconut, caraway, and toasted oak on the nose. Mint-chocolate candy, licorice, blueberry, and black pepper vie with oak on the palate; adding water, a juicy, fruity strain of raspberry and pomegranate emerges. The finish is dry, peppery, and herbal; water brings out fruit to balance.

—Vol. 29, #1
