

Method & Madness
Wild Cherry Wood-
Finished
46%

This pale-gold whiskey has a bright and refreshing nose with lots of floral character, apricot, vanilla frosting, apple tart, and gentle background spices. Lemon meringue pie, sugary sweetness, stone fruits, vanilla, orange citrus, and an undertow of spice that mingles higher in the mix by the end: a mirror image of its fragrant aromas. The Method & Madness experimental range is delivering some wonderfully characterful whiskeys that are worth hunting down. (2,500 bottles) (€92)

—Vol. 29, #1
