

Redbreast 27 year old 

54.6%

This new permanent addition to the Redbreast range is partially matured in ruby port casks, which have helped the vitality and the complexity of the finished whiskey while still delivering a remarkable intensity of red berry fruit. Orange peel, pine cone, vanilla, and walnut on the nose. Raspberry, cherry, plums, and active spices like a wildfire across the tongue, with pepper and chile heightened by the strength and menthol late on the finish.
