

**Redbreast 21 year old**   
46%

Honey, vanilla, peppercorn, Golden Delicious apples, macadamia nut, green banana, and clove-spiked orange. The flavors are bright with green apple, banana, vanilla, and citrus, developing a delicious creaminess to support the pot still spices. The creaminess really crowns this older whiskey as something special, with the bourbon wood playing a greater role than in younger, jammier Redbreasts. The finish is wonderfully long and warming, with spice, tangy orange, and oak.
