

Bardstown Bourbon Co. Fusion Series Kentucky Straight Bourbon (No. 2)

49.45%

It's all about the grain with this whiskey, made with two high-rye bourbons and a wheated bourbon. Honey Nut Cheerios, strawberry shortcake, lemon tart, almonds, pistachios, candied ginger, and a touch of coconut cream on the nose. The palate keeps the mashbill in play, with sweetness and warm pastry notes, but showcases the barrel's best qualities: chocolate, cinnamon, and integrated spice. Consistent into the finish, which is peppery and warm with cinnamon-laced dark chocolate, nuts, and toasted cereals. (30,600 bottles)
