

Eagle Rare 17 year old

45%

While labeled as a 17 year old, it's actually 19, distilled way back in 1988. Each year's release of this whiskey just seems to get better and better. Some of the earlier vintages turned slightly oaky and dry for balance (the 10 year old Single Barrel Eagle Rare whiskeys did too a while back), but Buffalo Trace just keeps on improving the line. Tight, well-balanced notes of molasses, vanilla, candied fruit, and sweet corn, peppered with crisp mint, cinnamon, and polished leather. Eagle Rare 17 is evolving into a whiskey of classic proportion.

—Vol. 17, #2
