

Arran Quarter Cask The Bothy Cask-Strength 

56.2%

Initially matured in bourbon casks for 7 years, this spends another 2 years in quarter casks, taking on aromas of vanilla, shortbread, canned pineapple chunks, wax, and cinnamon, all buffeted by the bright saltiness of fresh sea air. A hefty deep palate is unencumbered by the cask and instead trumpets its clean sweet flavors: lemon, orange, pineapple, fresh ginger, blueberry, cinnamon, shortbread, and saline. Full-flavored to the last, this whisky is muscular, but never aggressive.

—Vol. 30, #2
