

Teeling Ginger Beer Cask

46%

A small-batch collaboration with London's Umbrella Brewing, the nose is like a hot toddy, with baked lemon, honey, lemongrass, chopped chives, and ginger beer (not ginger) notes. This next-gen finishing experiment really works; ginger beer is again apparent on the palate, with honey, lemon, creaminess, then crystallized ginger and caramelized citrus slices. Zippy, refreshing, and tasty: Teeling just upped its game again.
