Norway's first arctic whisky is triple distilled from Nordic barley and glacial melt-water. A nose of raisin-packed fruit scones, pan-tossed whole spices, warm banana bread, lemon tart, bramble jelly, maraschino cherries, and spiced apple. The palate is honeyed and buttery with biscuit-like cereal notes, pepper, pronounced clove, vanilla, hints of citrus peel, some late stewed fruits, and a finish of chewy fruit bars. Kr 700

—Vol. 30, #2
