Bourbon Cask (Spring
2020 Edition)**

Tropical notes of lemon and lime on the nose, along with delicate peat. Creamy on the palate, with a blast of peat smoke integrating seamlessly with notes of vanilla, manuka honey, tropical fruit, and dried seashells. The finish offers red berries, apples, hibiscus, and more honey, along with a flavorful back note of peat char. Smooth and lightly fruited, with the peat providing a balanced backdrop for the sweeter notes in store. (510 bottles)
