Sherry lovers, alight here: This stop is full of Fig Newtons, dates, raisins, brown sugar, candied citrus, dark chocolate, and a delightful dried mango aroma. Generous flavors of berry jam, raisins, figs, and dates mingle with white pepper, dried ginger, candied orange peel, nuts, and dark chocolate tinged with leather and tobacco, along with a mouthwatering salinity. The finish has a phantom chewiness: There's nothing left in the mouth, but it's still textured and rich, with smoked nuts, cigar wrapper, and raisins.
