

**Eifel Whisky German  
Peated Duo Malt 2021  
Edition**

**46%**

A nose of Nestle Crunch bar, dates, smoke from green wood, golden syrup, vanilla seeds, cherry gummy bears, and a medley of dried fruits. Respectfully, with its 4:1 mashbill ratio of malted wheat and barley to 35 ppm peated malt, it's like a fine blended scotch that costs ten times more. The flavors are in perfect balance with a distinctive red wine influence, with dark toffee, black cherry, black currant, runny caramel, and an up-tempo spiciness. (2,400 bottles)
