

Glenmorangie Astar

57.1%

Astar's flavor profile is similar to Glenmorangie 10 year old in many respects, showing a superb balance of sweetness, fruit, and spice. It's not as subtle as the 10 year old expression, but it is creamier, richer, and fleshier, with loads of honeyed vanilla, coconut cream pie, toasted almond, vibrant spice (cinnamon, mint), and a basketful of citrus and summer fruits. The fact that it is bottled at 100 British Proof (57.1% abv) just accentuates every flavor and helps to make this whisky quite invigorating. Imagine Glenmorangie 10 year old with a shot of testosterone. I don't rate very many ten year old (or younger) whiskies over 90. This whisky has certainly earned it.

—Vol. 18, #1
