

Fuji Single Grain

46%

The elegant nose on this blend of grain whiskies produced by Mount Fuji Distillery has aromas of ground hazelnut, black tea, chestnut flour, mild baking spices, ripe orchard fruits, citrus zest, and elderflower. The palate is packed with orchard fruit, orange, pepper, and chicory, with bitter bark, pepper, and wood spices showing more grain whisky character, and ends with nutty notes and a short finish of cinnamon and oak.

—Vol. 31, #2
