

Isle of Skye

8 year old, 43%

What a surprise! Really thick and malty for a blend (there's a high malt content here for sure), and also nicely mature for 8 years old. Great balance too, with the island aggressiveness tamed by a rich, malty elegance. Delicious honey, toasted oak, firm peat, dark chocolate, and glazed citrus meld nicely with the malt, leading to a honeyed, lightly-peppered finish. Very enjoyable.
