

Pure Kentucky XO

Batch 03-20, 53.5%

XO refers to extra old, and this bourbon certainly is that. When compared to Kentucky Vintage, it's drier, spicier, and more intense on the palate—even when its higher proof is diluted with water. Firm mint, resinous oak, leather, and even a waft of cigar smoke are the highlights of this bourbon. Long, dry, spicy finish and a bit fiery. For those who like a big, bold, oak-influenced bourbon.

—Vol. 14, #2
