

**Red Neck Riviera  
'Southern Style'  
Blended Whiskey**

**49.3%**

" Straight from them there oak  
cask barrels to this here bottle,"  
the label reads. Light, gently  
sweet notes of vanilla and caramel  
corn are the core of this whiskey.

Inter-dispersed notes of mint,  
charred oak, and candied fruit are  
also present. The label also states  
"Sure enough smooth." True, I  
have had harsher whiskeys, but  
I've also had many that were  
smoother -and within this price  
range. In fact, there are several  
bourbon whiskeys on the market  
at this price that are at least this  
smooth and with a lot more flavor.
